Goal Areas:

- We will continue to look at making enhancements in the area of *video feedback* sessions for our younger athletes in the upcoming season as we will look at showing race events on video at the training session following some races.
- In providing opportunities for coaches to enhance their course setting/drill setting knowledge and abilities, we will place on the schedule in the early portion of the next season.
- Successes ... in looking at ***Big Ideas*** as targets and then having our coaches use various strategies and tactics as learning outcomes to reach those targets (Big Ideas). The use of this goal area helps us coaches find solid ways to advance the skills of our athletes with less chance of losing sight of the bigger target!

In closing, what a pleasure to work with such a quality group of: parents, athletes, coaches and Board of Directors of Summit Ski Club. Thank You to all of you for a great year!

Brian Hatherly, Head Coach, Summit Ski Club.
